Financial Assistance

You can afford a quality education! Wright Beauty Academy participates in the Federal Student Aid Program, which can help make your education affordable and attainable. During your Career Planning Session, your Financial Aid Coordinator will explain all your financial options and explain everything you need to know to create a financial plan that works for you. To make education something everyone can afford, Wright Beauty Academy offers competitively priced career programs, and the option of an interest free payment plan. Financial aid is a mechanism that reduces out-of-pocket costs that the student and/or parents must pay to obtain a postsecondary education. Financial aid is money made available to help students meet the cost of college attendance.

If you wish to apply for financial aid or if you have questions, contact the Wright Beauty Academy Financial Aid Office at (269) 964-4016. Additional information regarding the student aid programs may be found in the “Free Application for Federal Student Aid” (FAFSA) published by the U.S. Department of Education. Go to <http://fafsa.ed.gov> for more information and to apply.

Compliance Statement

The Federal Privacy Act of 1974 requires that students be notified that the disclosure of his/her social security number is mandatory. The social security number is used to verify students’ identities, to process the awarding of funds, the collection of funds, and the tracing of individuals who have borrowed funds from federal, state or private programs. Students who enter into an agreement regarding a Title IV loan will have that information submitted to NSLDS and accessible by authorized agencies, lenders, and institutions.

A student is eligible for Federal Financial Aid at Wright Beauty Academy if he/she:

- Is enrolling in the Cosmetology or Nail Tech program
- Is a U.S. citizen or eligible noncitizen
- Has a valid social security number
- Does not owe a refund on a Pell Grant at any school
- Is not in default on a Federal Direct Stafford Loan at any school
- Maintains satisfactory academic progress while in school
- Be registered for selective service (if the student is male between the ages of 18-25)
- Has a High School Diploma (or equivalent), or a GED.

Application for Federal Financial Aid

The Free Application for Federal Student Aid (FAFSA) needs to be completed to determine eligibility for Federal Financial Aid. Documentation to substantiate the data entered on the form may be required by the Financial Aid Office. Forms and assistance in completing them are available at Wright Beauty Academy. In addition to the FAFSA, Wright Beauty Academy requires a series of forms as they apply to the individual student aid program and to the student’s individual family circumstances. Some FAFSAs are selected by the Department of Education for a process called Verification. If a FAFSA is selected, there are additional forms and documents required. Students who have not yet enrolled must have these documents in the office prior to class start. Current students will be required to have their verification paperwork in before any further disbursements can be made, with a maximum limit of 30 days from notification. Students selected will be notified by phone or email and forms will be handed to the student along with a list of required documents, such as a signed copy of a tax return or proof from DHS or SNAP.

Wright Beauty Academy 2019-2020 Catalog

Once everything has been turned back into the Financial Aid Office, the file will be verified by our office and an independent 3rd party servicer. Any corrections needed will require a student's signature. If the Financial Aid Director feels that special circumstances may warrant a change in FAFSA information, there may be cause for a **Professional Judgment or Dependency Override**. These very rare circumstances are handled on a case by case basis. If a professional Judgment or Dependency Override is deemed to be in the student's best interest, documentation will be required from the student. A list of required documentation will be given to the student, along with any necessary forms. The student will be given a deadline to complete the paperwork. Once the documentation is received by the Financial Aid Director, the file will be verified, and any necessary changes will be made. All Title IV funds are awarded based on eligibility. You can determine your eligibility by filing a Free Application for Federal Student Aid (FAFSA). The application can be found online at www.fafsa.ed.gov. You must be fully enrolled at Wright Beauty Academy before any Title IV aid will be disbursed on your behalf. To ensure that Wright Beauty Academy receives your FAFSA, you can add our school code, which is 012291. If you have entered our school code on your FAFSA, we will receive a report and will be able to determine the types and amount of aid you are eligible for.

While receiving financial aid, the student has the following responsibilities:

The student has the responsibility to remain in Satisfactory Academic Progress (SAP).

The student must complete all application forms truthfully and accurately.

The student is responsible for providing all documentation to the financial aid office in a timely manner. Failure to do so could result in not receiving a financial aid award.

The student is responsible for reading and understanding all materials he or she signs and for keeping copies of those documents.

The student is responsible for all agreements that he/she signs.

[The Academy offers the following financial aid programs to those who qualify](#)

Wright Beauty Academy is approved for and participates in the following U.S. Department of Education programs intended to defray the costs of school for those students eligible for financial aid considerations.

[Federal Pell Grants](#)

Pell grants are awarded only to first-time undergraduates. This is gift aid and does not require repayment; however, students must demonstrate financial need to qualify.

[Federal Direct Stafford Loans:](#)

Funds received from either of the loan programs are subject to repayment from the student.

*Stafford Subsidized Loans – Students must demonstrate financial need to qualify for Subsidized loans.

The Department of Education pays for your interest while you are in school and during grace and deferment periods. The student would pay a combined origination/ guaranty fee of 3% rebated directly to the U.S. Department of Education. Currently Stafford Subsidized loans are offered at a 3.86%/1.059% interest rate

*Stafford Unsubsidized Loans – Students do not need to demonstrate need for unsubsidized loans.

Students are responsible for interest during the life of the loan. Currently Stafford Unsubsidized loans are offered at a 3.86%/1.059% interest rate.

*Federal Direct PLUS Loans – non need based loan. Available to parents of dependent students to contribute to their child's education. This is a loan for parents and requires repayment. The PLUS provides

Wright Beauty Academy 2019-2020 Catalog

low interest rate loans to parents of undergraduate students regardless of financial need. These funds assist students with educational expenses. Information disclosed to students or parents of students who enter into an agreement regarding a Title IV HEA loan will be submitted to NSLDS and accessible by authorizing agencies, lenders and institutions.

Federal Financial Aid Disbursement

For students who are receiving Federal Student Aid, the school apportions tuition in proportion to the number of clock hours in each payment period for purposes determining the amount of tuition charges applicable to each payment period. All other charges and fees, including, but not limited to, charges for books/kit, are assigned to the student's first payment period.

Credit Balances

Credit balances are determined within each payment period. Grants and loans are applied to the charges in that payment period. When a credit balance is created by a Title IV disbursement in a pay period, a check is issued to the student.

Return to Title IV Funds Policy

A student is deemed to have withdrawn voluntarily or involuntarily when one of the following occurs: 14 days no contact, failure to return from an approved LOA, or notification by student that they are withdrawing within the 14 days non-attendance. Withdrawal date will be considered the last day of attendance. Date of Determination of withdrawal is the day a student fails to return from LOA, the day a student notifies the school of withdraw, or the 14th day of no contact. Federal regulations dictate specific formulas to determine the amount of Title IV Aid earned by a student withdrawing from a course of study. If the student withdraws before 60% of the payment period in the course, the student would have earned the same percentage of aid received. For example, if the student withdraws at 50% of the payment period, the student would have earned only 50% of the aid received. To determine the percentage completed, the scheduled hours of class will be divided by the total hours in the payment period.

Unearned aid will be returned to the programs in accordance to the guidance described in the regulations:

Unsubsidized loans first, Subsidized Loans second, and any remainder to Pell. The school will return any refund to Title IV within 45 days. Withdrawing students will be responsible for any institutional charges not covered by student aid.

If a student withdraws before the disbursement is made in the payment period, the R2T4 is completed and a disbursement is requested for any Pell award earned. The student is contacted if loans have been earned so they may make the determination on a Post Withdrawal disbursement.

Withdrawal & Settlement Policy

For applicants who cancel enrollment or students who withdraw from enrollment a fair and equitable settlement will apply. The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure.

Any monies due the applicant or students shall be refunded within 45 days of official cancellation or withdrawal. Official cancellation or withdrawal shall occur on the earlier of the dates that:

2. A student (or in the case of a student under legal age, his/her parent or guardian) cancels his/her enrollment in writing within three business days of signing the enrollment agreement. In this case all monies collected by the school shall be refunded, regardless of whether or not the student has started classes.
3. A student cancels his/her enrollment after three business days of signing the contract, but prior to starting classes. In these cases, he/she shall be entitled to a refund of all monies paid to the school less the application fee in the amount of \$100.
4. A student notifies the institution of his/her withdrawal in writing.
5. A student on an approved leave of absence notifies the school that he/she will not be returning. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the institution that the student will not be returning.
6. A student is expelled by the school. (Unofficial withdrawals will be determined by the institution by monitoring attendance at least every 30 days.)
 - In type 2, 3, 4 or 5, official cancellations or withdrawals, the cancellation date will be determined by the postmark on the written notification, or the date said notification is delivered to the school administrator or owner in person.
 - For students who enroll and begin classes but withdraw prior to course completion (after three business days of signing the contract), the following schedule of tuition earned by the school applies. All refunds are based on scheduled hours:

PERCENT OF SCHEDULED TIME ENROLLED TO TOTAL COURSE/PROGRAM	TOTAL TUITION SCHOOL SHALL RECEIVE/RETAIN
0.01% to 04.9%	20%
5% to 09.9%	30%
10% to 14.9%	40%
15% to 24.9%	45%
25% to 49.9%	70%
50% and over	100%

All refunds will be calculated based on the students last date of attendance. Any monies due a student who withdraws shall be refunded within 45 days of a determination that a student has withdrawn, whether officially or unofficially. In the case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. If permanently closed or no longer offering instruction after a student has enrolled, the school will provide a pro rata refund of tuition to the student OR provide course completion through a pre-arranged teach out agreement with another institution. If the course is cancelled subsequent to a student's enrollment, the school will either provide a full refund of all monies paid or completion of the course at a later time.

Students who withdraw or terminate prior to course completion are charged a cancellation or administrative fee of \$100.00. This refund policy applies to tuition and fees charged in the enrollment agreement. Other miscellaneous charges the student may have incurred at the institution (EG: extra kit materials, books, products, unreturned school property, etc.) will be calculated separately at the time of withdrawal. All fees are identified in the catalog and in this enrollment agreement.

Standards of Academic Progress Policy

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the school. It is printed in the catalog to ensure that all applicants receive a copy prior to enrollment; this applies to full and part time. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education. Students may access their evaluation results by contacting the Financial Aid Officer.

EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress as follows:

Cosmetology	450, 900, 1200 scheduled hours
Nail Tech	300, 600 scheduled hours
Instructor Training	250, 500 scheduled hours

*Transfer Students- Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course. Students must be in Satisfactory Academic Progress for disbursement of Financial Aid.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 80% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

93 - 100	EXCELLENT
85 - 92	VERY GOOD

MAXIMUM TIME FRAME

All students have a maximum time frame in which they must complete the educational course in no longer than 150% of the NACCAS approved length, based on 100% attendance schedule, measured in clock hours completed. Periods where a student doesn't receive Title IV aid are counted towards maximum time frame.

<u>COURSE</u>	<u>COURSE LENGTH</u>	<u>MAXIMUM TIME ALLOWED</u>
Cosmetology	1500	2250
Nail Tech	600	900
Instructor Training	500	750

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will be notified of their Satisfactory Academic Progress Determination at the time of each of the evaluations, whether positive or negative. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation. Hours accrued while Title IV Funding is interrupted are still counted towards maximum time frame.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning until their next scheduled evaluation period and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making

satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

INDIVIDUALIZED ACADEMIC PLAN

Students placed on warning or probation will be given an Individual Academic Plan so they can achieve SAP by their next evaluation period.

APPEAL PROCEDURE

- If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days.
- Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance.
- The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point.
- Appeal documents will be reviewed, and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file.
- If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.
- If the appeal is denied, the student will be put on a payment plan for the amount the Title IV would have covered and given an Academic Plan to ensure they are back in SAP for the next evaluation period. This period will be counted towards the Maximum Time Frame for the course.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

LEAVE OF ABSENCE, COURSE INCOMPLETES, WITHDRAWALS

- An authorized leave of absence of no more than 180 days shall be allowed in a 12 months period. A leave of absence must be requested in writing, initialed and dated by all parties.
- A leave shall be granted in the case of death in the family, illness, maternity, or by consent from the college. In the event of death in the family, accident or medical emergency, the first date the student was unable to attend will be constitute the first date of LOA.
